

Environmental Stewards Duties

It's great if the Environmental Steward is a member of your Parish Council (Church Committee), but that isn't necessary. Duties include:

- Flag Parish Council decisions with environmental consequences
- Advocate green components in parish activities
- Track parish utility use
- Promote GreeningSpirit website
- Resource person for parish education
- Prepare an Annual Report on environmental activities

Training and support will be provided through workshops and other events throughout the diocese. Please contact David Dranchuk for further information: 604 684-6306 or Email: ddranchuk@vancouver.anglican.ca
